### Donald Trump's shrill narrative costs US Canadian tourism dollars; travel bookings plummet

X

#### Description:

Donald Trump imposed significant tariffs on Canada and Mexico, straining relations before providing temporary relief to manufacturers, though additional levies are set to follow next week.

#### Content:

US President Donald Trump's decision to impose tariffs and suggestions that Canada should be annexed have angered Canadians, who are expressing their anger in different ways. New travel bookings to the neighbouring country have declined by 20% since February 1. United Airlines CEO Scott Kirby said that the carrier has adjusted its capacity after seeing a big drop in passenger arrivals from Canada.
